3	<p><i>B: Read the following passage carefully then answer the questions.</i></p> <p>متن زیر را بدقت بخوانید سپس به سوالات پاسخ دهید.</p> <p>The first language you learn to speak is called your native language. As a baby, you listened to your parents or other people speaking and then told the sounds you heard. Babies seem to be born with an ability to learn the language they hear. Native speakers learn as children to use the right words and say them in the right order without even thinking about it. If English is your native language, you know automatically that "I going to bed" is wrong, but "I am going to bed" is right.</p> <p>If you learn a second language, you have to learn its words and rules. That's why learning a second language can be difficult. Young children can learn a new language very easily. If they are among people speaking a different language, they soon learn to speak it besides their native language. But as people grow older, It becomes more difficult to learn new languages.</p> <p>40. <i>How do babies learn their native language?</i></p> <p>41. <i>Our first language which we learned in our childhood is our..... language.</i></p> <p>a. recent b. favorite c. emotional d. native</p> <p>42. <i>The underlined "them" in the first paragraph refers to</i></p> <p>a. parents b. the words c. speakers d. babies</p> <p>43. <i>If you learn a difficult language among people speaking it, you can learn it more easily.</i></p> <p>a.
